

# How to make sure your USB driver (IBS-01) is well installed under *XP / VISTA / WIN 7* system?

- (1) Firstly, please connect the USB ports between PC & IBS-01 and power on IBS-01.
- (2) On your computer please click right mouse on “Computer” icon, then to access “Properties”.
- (3) (Click “Hardware” then) Click “Device Manager” to access next window.
